

My Alberta Community

Alberta is full of many kinds of people, and every community has its own story.

Think about your own community. Write about one group of people who help make it special (First Nations, Métis, Francophone, settlers, or immigrants). What do they bring to your community? ([Outcome](#))

Where to start:

- What language, food, or symbol have you seen from this group?
- Where did you learn about them: school, family, or a community event?
- How does learning about them make you feel closer to your neighbours?
- What is one story or fact you remember about them? ([Skills](#))

Stretch:

Draw or describe a symbol from this group, and explain what it means to the people who use it ([Knowledge](#)).
