

Addition and Subtraction Matching Game

In Grade 2, students investigate addition and subtraction within 100 ([Outcome](#)). This game helps you match key words and ideas to their meanings. You will work with addends, sums, and the numbers we subtract from, called the minuend ([Skills](#)). You will also explore doubles and how to compose a sum in more than one way ([Skills](#)). Understanding these terms helps you become stronger at addition and subtraction strategies ([Knowledge](#)).

How to play

1. Look at the words and definitions on your sheet.
2. Draw a line to match each word on the left to its meaning on the right.
3. Work carefully. Each word matches to exactly one meaning.
4. Check your work with a partner or your teacher when you finish.

Match the pairs

Column A		Column B
A. addend	_____	1. 7 in 7 " 3 = 4
B. sum	_____	2. 6 + 6 = 12
C. subtract	_____	3. 7 " 3 = 4
D. compose	_____	4. 5 apples or 10 centimetres
E. inverse	_____	5. 8 in 3 + 5 = 8
F. doubles	_____	6. 3 in 3 + 5 = 8
G. minuend	_____	7. 5 + 5 and 6 + 4 both make 10
H. quantity	_____	8. If 5 + 3 = 8, then 8 " 3 = 5

Answer key

- **A** matches **6** (addend: 3 in 3 + 5 = 8)
- **B** matches **5** (sum: 8 in 3 + 5 = 8)
- **C** matches **3** (subtract: 7 " 3 = 4)
- **D** matches **7** (compose: 5 + 5 and 6 + 4 both make 10)
- **E** matches **8** (inverse: If 5 + 3 = 8, then 8 " 3 = 5)
- **F** matches **2** (doubles: 6 + 6 = 12)
- **G** matches **1** (minuend: 7 in 7 " 3 = 4)
- **H** matches **4** (quantity: 5 apples or 10 centimetres)
