

Addition and Subtraction Maze: Within 100

This maze helps Grade 2 students practice addition and subtraction within 100 ([Outcome](#)). You will use number facts and strategies for two-digit numbers as you move through the maze ([Details](#)). The order in which more than two numbers are added does not affect the sum([Details](#)).

How to play

Find the entrance marked on the maze. Find the exit marked on the other side.

Draw one path from the entrance to the exit. Move only through open corridors. Never cross a wall.

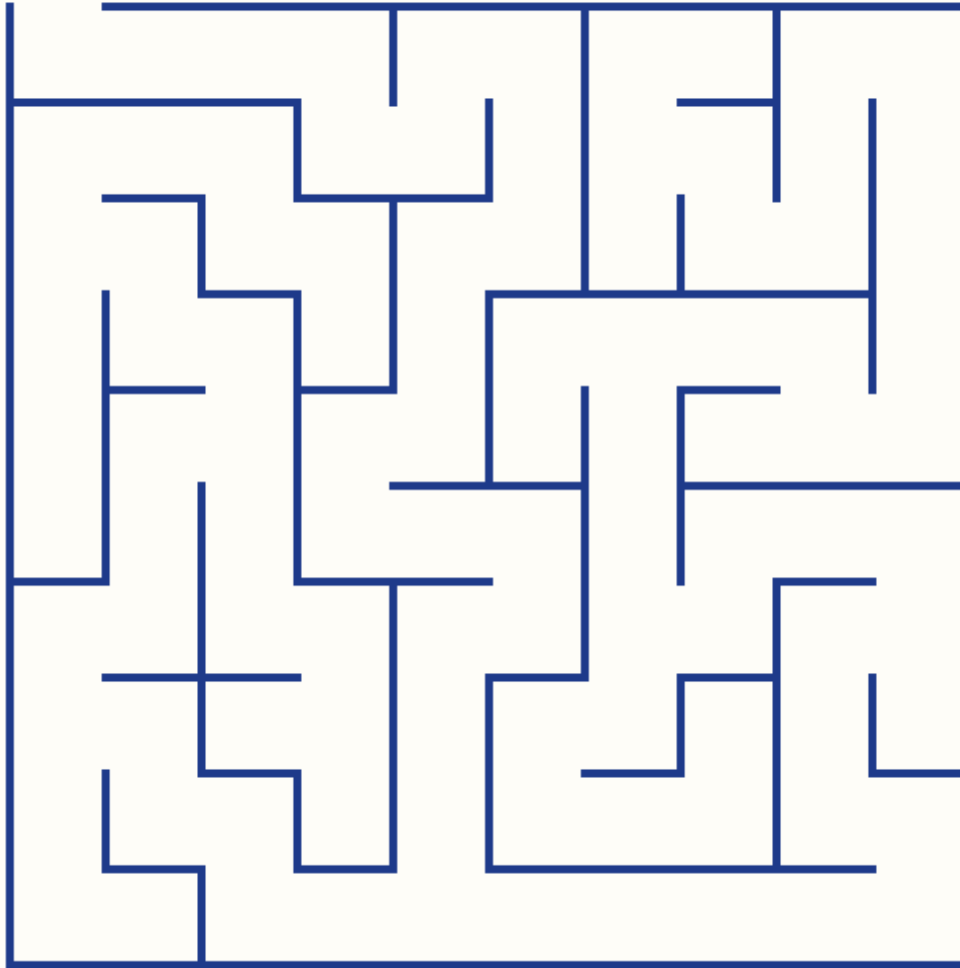

At each stop, solve the addition or subtraction problem. The correct answer shows you which way to go next.

When you reach the exit, check your path against the answer key. Your path should match it exactly.
